

# POSITION ANNOUNCEMENT FOR DIGITAL FORENSIC SCIENCE

## **Assistant/Associate Professor of Digital Forensic Science (DFS)**

Defiance College, chartered in 1850, has been nationally recognized for its successful efforts to implement a model of civic engagement and service learning. Defiance College has been named for three consecutive years to the President's Higher Education Community Service Honor Roll with Distinction, was named as one of 81 colleges and universities in the Princeton Review's "Colleges With a Conscience" publication, and recently received Community Engagement Classification from the Carnegie Foundation. Defiance College is listed among the top tier of baccalaureate colleges in the Midwest in the 2008 edition of U.S. News and World Report's Best Colleges. Our Vision creates an educational experience of engagement encompassing civic, cultural, and academic dimensions. The campus is located in the city of Defiance in northwest Ohio and is an independent, coeducational, liberal arts-based institution affiliated with the United Church of Christ.

Defiance College seeks an enthusiastic, challenge-hungry, full-time faculty member to develop, refine, and teach courses in the rapidly-growing undergraduate Digital Forensic Science (DFS) major, starting in August 2010. The successful candidate would be responsible for instruction in courses on computer fundamentals (hardware, software, networking, and operating systems), computer and small-scale digital device forensics, information security, network forensics, network intrusion detection, and the legal, ethical, and professional issues associated with the digital forensics field. Other responsibilities may include providing periodic training to local law enforcement agencies, developing select on-line/hybrid delivery courses, and participating in the development of a DFS graduate program.

The candidate must have a graduate degree, a strong affinity for student mentorship and community service, and be able to guide students through successful engagement learning opportunities in a robust hands-on curriculum. The ideal candidate would have an earned doctorate in computer, digital or cyber forensics; computer security; or a related field. Significant digital forensics work experience, teaching experience, and industry certifications (e.g., CFCE, CCE, EnCE, ACE, GCFA, DFCEP, CEH, SSCP, CISSP) will improve the candidate's competitiveness. Appointment is anticipated at the Assistant/Associate Professor level, the rank being determined based on qualifications of the successful candidate.

Review of applications will begin immediately and will be considered until the position is filled. Candidates should send a letter of application describing the applicant's qualifications for the position; a statement of teaching philosophy; current curriculum vitae; and three references to:

Dr. Gregg Gunsch  
Prof of Digital Forensic Science  
Defiance College  
701 N. Clinton St.  
Defiance, OH 43512

For questions about this position opening, contact Dr. Gunsch at (419) 783-2460 or [ggunsch@defiance.edu](mailto:ggunsch@defiance.edu).

Defiance College is committed to the diversity of faculty, staff and students. Applicants who will enrich the diversity of our campus are especially encouraged to apply.
