

Ronald J. Wilczynski

Second Vice President

Ronald J. Wilczynski, ACE, EnCE, is a Computer Forensic Examiner consultant with 24 years of experience as a Special Agent with the Federal Bureau of Investigation (FBI) with his last position, prior to retirement, as the supervisor of a Cyber Crime squad. He was a computer forensic examiner for the FBI Computer Analysis Response Team (CART), receiving three certifications in three different operating systems, and introduced computer forensic evidence at trial in Pakistan for the Daniel Pearl kidnapping. He has instructed state, local, and federal officers and technicians in the course referred to as the CART Boot Camp, as well as other computer forensic classes for clients such as Booz Allen Hamilton, Giuliani Security, the US Department of State, the California Department of Justice and NEK Advanced Security Group.

As a Cyber Crime supervisor, he established and supervised a Field Intelligence Group, an Intelligence Fusion center for the Sacramento Field Office and surrounding law enforcement agencies. During his tenure as a supervisor, his Cyber Squad received national recognition from the National Center for Missing and Exploited Children and the Federal Law Enforcement Officers Association as a result of the first full content Title III internet interception in a Child Pornography/Child Molestation multi-agency task force investigation. As an FBI Computer Forensic Examiner, Mr. Wilczynski was deployed overseas on numerous occasions and as a result of one of those deployments, received a highly coveted FBI Directors Award for Outstanding Counterterrorism Investigation.

Mr. Wilczynski was the Sacramento Division CART coordinator, responsible for all matters relating to computer forensic services to include personnel management, investigative priority determinations, equipment purchases, and budgeting. He was a CART field representative on the CART Technical Advisory Committee, providing field input and advice.

Mr. Wilczynski was the Sacramento Division Technical Advisor having been previously certified as a Technically Trained Agent and certified to perform Technical Surveillance Countermeasures. During his time in the FBI, Mr. Wilczynski also investigated complex Russian Organized Crimes cases, drug cases, and general crimes against the government and persons. Mr. Wilczynski was certified as a General Police Instructor, was an operator on the Sacramento SWAT team, received instruction in Hostage Negotiations, Crisis Management and Interviewing and Interrogations.

Ron has been a member of HTCIA since 1991 and was one of the founding members of the Northern California Chapter. In over 19 years of service to the Northern California Chapter, he has held every officer position except Secretary and is currently the Treasurer. He has played an integral part in the planning and operation of four International conferences at South Lake Tahoe. Ron is the past International Treasurer and member of the IEC from 2007-2008, and is currently the 2nd VP.
